Jessica Gill

[Recorder's Note: anything in quotations is a direct quote; anything out of quotation is a summation of that member's point.]

1. Sunny Cheema calls the meeting to order.

Approval of Agenda: Motioned by Hannah, Seconded by Gurleen

2. Special Business- Discussion of Business Manager Position

Hannah Celinski begins by explaining the potential impact over time of Aneesha Narang leaving the business manager position before the fall term. Hannah believes it makes more sense for Aneesha to stay until fall as the long term impact on the Cascade of the roles being switched may be damaging.

Aneesha Narang believes she has fulfilled all her duties to the Cascade as she has produced a new budget, presented it to the executive team and is staying on long enough to ensure the executive team understands. Due to her other responsibilities, including a full time job, she cannot be as involved in the summer due to added responsibilities the business manager position requires in the summer.

The Executives agree that Aneesha should be able to work with a strict, less demanding schedule until the end of her position with no further expectations. The new hire will join the Cascade in the fall semester.

The agreed-upon contingency plan is for the current treasurer, Gurkirat Singh, to aide Aneesha as needed. Aneesha will continue doing work in her position with less involvement, Aneesha will be transitioning to a new person in fall, but the executives agree they are able to step in as needed for various responsibilities.

An important note, made by Sunny Cheema, there is a grey area with Gurkirat Singh's involvement. If he does start doing any Cascades related work, he will not be a voting member on the board anymore for that time period.

3. Adjournment

Sunny Cheema calls this meeting to adjournment at 6:22 pm.
